TURKS REPORT DARING COUP.

[BY ATLANTIC CABLE AND A. P.]

CONSTANTINOPLE (via London) Dec. 7.—A communication issued today says:

"We have occupied Keda, an important point twelve miles east of Batum (Trans-Caucasia.) By a daring coup our troops rendered inoperable the electric works at Batum. Three hundred Russians who were sent from Batum to retake the bridge occupied by the Turks were ambushed and completely annihilated."
